Farming is constantly changing and it's getting harder to make a good living. The Unyte Group are aware of this and have various ways we can help.

Nurturing from Concept to Success

Refinancing – Unlock Your Equity

You may have considerable assets already, machines, plant equipment, buildings, even animals. The equity within these, we can help you unlock. Should you want to develop your farm, renew or invest in your own future we have a series of specialist lenders who can help.

Biomass & Renewables

Are you thinking of adding a renewable technology to your farm or a biomass plant. Our lenders understand this market and we can help tailor the finance to your ability to pay, generation tariffs and market potential - allowing you to gain new diverse business and extra income not previously considered.

We Buy Solar P.V. Farms

Do you own a Solar P.V. farm? Do you know of someone who owns one? We are actively looking for Solar P.V. farm owners whom are looking to sell, this may be just the generation supply tariff. We can turn this into an instant return. Should you introduce us to an owner and a deal be completed you'll be in line for a generous thank you!

Contaminated land

Unyte Waste specialise in cleaning land, no matter how bad, we can tailor a remediation package and help fund it. If you have land that has been previously developed or quarried, we can gain you income from this land, while also increasing the overall value.

Why Unyte Invest?

We look at things differently and have collected a select group of specialist lenders, whom we know well. We'll get to know you and your objectives and ensure we put a package together that meets your requirements, presenting it in a manner that our lenders understand and see value in lending against.
